Frankfurt Airport City

(words & music by Stefan Muschalski)

Intro

1.

Just pack your bags and leave, tomorrow's the big day
Destination Frankfurt, we're on our way
to a city within a city and a hub full of streams
and impressions, like in our boldest dreams

Chorus

Baby if we try, we can ride across the sky
Heading for this growin' airport city
Up the clouds along, where the wind ain't strong
High above Frankfurt Airport City
Frankfurt Airport City

2.

We're close like never before, to the city you can't ignore
Located right in the heart of Europe
And behind that significant horizon
It is Germany's gateway to the world

Chorus

Baby if we try, we can ride across the sky
Heading for this growin' airport city
Up the clouds along, where the wind ain't strong
It is Germany's Gateway to the world

Baby if we try, we can ride across the sky
Heading for this growin' airport city
Up the clouds along, where the wind ain't strong
High above Frankfurt Airport City
