

FraCareServices GmbH

25.04.2008

Area of activity:

FraCareServices GmbH is a joint subsidiary of Fraport and Deutsche Lufthansa. Its core business is providing assistance to physically challenged persons and those with reduced mobility at Frankfurt Airport in compliance with Regulation (EC) No. 1107/2006. Related services, for example special care for children traveling alone, round out its portfolio.

Frankfurt has more passengers with reduced mobility than any other European airport.

Fraport holds a 51-percent share in the company.
