

## **FAQ 05**

**02.01.2004**

### **How can I become a Fraport shareholder?**

By acquiring shares in Fraport AG, you'll become a co-owner in the largest German airport group. All you need to do is place your buy order at your bank or broker for the number of Fraport shares you wish to purchase. That institution will then acquire the shares at the current market price and place them on deposit in your securities portfolio.
