

FAQ 11

02.01.2004

In what sectors is Fraport active?

Aviation: One of the Corporation's core responsibilities is to make available and maintain the air traffic infrastructure as well as to develop it in line with demand (take-off and landing runway system) as well as to secure air safety.

Retail and Properties: Our business activities retailing, parking space management, rental and marketing of real estate and of Cargo City South are mirrored in this segment.

Ground Handling: Fraport provides ground traffic services in this segment for airlines in Frankfurt and at other locations. The range of services includes passenger services, aircraft dispatching and cargo handling.

External Activities: The newly-formed External Activities segment covers all investments not involved in processes located at Frankfurt Airport. The most important are the airport investments Frankfurt-Hahn, Hanover, Varna/Bourgas, Lima and Antalya as well as the company for security services, ICTS Europe.
