

Apprentices/School Kids

A market and service-oriented service company with national and international investments at over 54 locations on all continents, Fraport AG is developing into a global group.

Almost 21,000 employees contribute to maintaining and strengthening Frankfurt Airport's leading position as an international air transportation hub. Therefore, we are continuously enhancing our wide range of high-quality services. Both backstage and on stage, teams of specialists work hand in hand to achieve our commitment to excellence.

Thus vocational training of young people is the focus of our activities. Our wide spectrum of interesting training positions offers school leavers and high-school graduates an opportunity to get high-quality vocational training and selectively prepare for a future job in the promising aviation industry.
