

Internships

First-hand experience

Today, a combination of theory and practice right from the start is more important than ever. Every year, we offer some 300 interns the opportunity to put their theoretical knowledge into practice, as well as learning much more about a major modern airport.

We would like to meet interested and enthusiastic students who are actively preparing themselves for their chosen career during their degree courses. Your employment opportunities will depend on your degree specialization as well as on our projects and our capacity to supervise you.

Please note that if you want to apply for an internship, we can only accept applications via our online application form. This is less costly for you and saves us a great deal of work. With your application, please enclose a tabular resume, copies of your last grade reports, a current transcript from your college or university, a valid certificate of enrolment and, for mandatory internships, corresponding certification by the registrar's office. In order to do so, you will have to scan the relevant documents. In this connection, please note that you can only attach documents that have been saved in gif, jpg or pdf format.

You will find all internship vacancies in our [job fair](#) (http://www.fraport.de/cms/jobs_karriere/rubrik/2/2013.jobboerse.htm) section. Unable to find what you are looking for in our job fair section? You can also apply on your own initiative. Requirements

Apply as early as possible. We give preference to mandatory internships stipulated by the rules and regulations of your college or university. However, remember that applications for mandatory internships can only be classified as such if you send us suitable evidence from your educational establishment. Otherwise we will treat your application as a request for a voluntary internship and give it a lower priority. The basic requirement for an internship is a statement from your college or university that you are enrolled as a student.

Internship period

An internship can start any time during the year and usually takes up to max. six months.

Your pay

Internship: 500 € per month
