*1. Terms and conditions for the supply of goods and services
(special services) by Fraport AG Frankfurt Airport Services
Worldwide*

1. Conditions Governing the Provision of Additional Services by Fraport AG Frankfurt Airport Services Worldwide

1.1. Definition

Additional Services as referred to in this List of Service Charges, are all services provided by Fraport AG in addition to an existing ground handling contract.

1.2. Obligations of Fraport AG

Placing an order for additional services does not constitute a claim against Fraport AG for the execution of such services. Even in the event of an order being accepted and in the course of such additional services being rendered, Fraport AG reserves the right of disposal of their personnel, equipment, tools and facilities.

1.3. Liability

- Fraport AG is not liable for any injury to persons or damage to objects caused in the performance or in connection with the performance of the requested services or in connection with the lease of Fraport AG equipment, tools and facilities - even if these are in Fraport AG charge while performing such services - unless the injury or damage was caused with intent by Fraport AG or their authorized personnel. In case of non-merchants, Fraport AG is liable for any injury or damage caused by Fraport AG and Fraport AG personnel with gross negligence. In case of services directly connected with the handling of aircraft (ground handling services), the liability clause of the respective ground handling agreement shall apply.
- The contractor exempts Fraport AG from all third-party claims which might arise in connection with the performance of the contract.
- Fraport AG holds the contractor liable for any injury of persons or damage to objects caused by the conduct of his personnel or the condition of objects handed over during or in connection with such additional services.

1.4. Assessment of Charges and of Additional Services Rendered

The additional services rendered will be specified within the Attachment of the special services invoice. Objections to the scope of services stated must be made no later than 30 working days after receipt of the invoice. Thereafter the statement shall be deemed accepted. The provisions of the List of Service Charges of Fraport AG Frankfurt Airport Services Worldwide shall apply.

1.5. VAT

All mentioned charges are net (without VAT). Exceptions are marked. In case of costs changes, charges can be adjusted.

2. Calculation procedure BVD

This chapter covers the following items:

2.1 Vehicles and Equipment which do not Require a Driver and/or Operator(s)

2.2 Flat Mileage Rate

2.3 Assessment of Assignment of Push-out Time

2.4 Uncompleted services

2.5 General Expense

2.6 Debtor Regulation Ground Handling

2. Calculation Procedure BVD

2.1. Vehicles and Equipment which do not Require a Driver and/or Operator(s)

- For an uninterrupted use of up to 12 hours the established hourly rates will be charged.
- For use in excess of 12 hours and up to 24 hours a daily rate, equalling the rate for 12 hours, will be charged.
- For every additional 24 hours of a fraction thereof, a daily rate will be charged.

The following rules apply for making available vehicles and equipment for which an hourly rate is established and which service number is marked with an *):

Examples:

9 hours = 9 x the hourly rate

14 hours = 1 x the daily rate

48 hours = 2 x the daily rate

50 hours = 3 x the daily rate

2.2. Flat Mileage Rate

If vehicles are made available for off-airport use, a flat rate per kilometre driven will be charged in addition to the fixed hourly rate.

2.3. Assessment of Assignment of Push-out Time

Contrary to the assignment periods of personal and equipment of push-out time will be determined as follows:

The charging period for push-out services starts two minutes prior to timely set TOBT or rather with contractual agreed lead time prior to timely set TOBT or latest with the arrival of the aircraft towing tractor at the position.

Push-out time ends when the tractor has completed towing-/push-out procedure and leaves the position.

Example for assessment of assignment of push-out time:

Timely set TOBT 08.04 hrs.

Arrival of aircraft towing tractor at position 07.56 hrs.

Beginning of assignment 08.02 hrs.

Departure of tractor 08.20 hrs.

End of assignment 08.20 hrs.

Time of operation 18 min.

Charged time 20 min.

2.4. Uncompleted services

Moreover services which are ordered by airline or third party and commenced thereupon, but aborted due to reasons out of Airport AG responsibility will be charged resource-related.

2.5. General expense

Any disbursement made by the Handling Company on behalf of the client will be reimbursed by the client at cost price plus an accounting surcharge of 12 percent, except when otherwise stipulated.

2.6. Debtor Regulation Ground Handling

Debtor of the charges for ground handling services is the airline operating the respective flight with its airline code/flight number. Deviating regulations require prior written agreement.

3. Aviation Ground Services (BVD) Operations, Load and Transport Services

All airlines using Frankfurt make use of the services provided by the Aviation Ground Services Department.
