

List of Service Charges

Valid as of January 1, 2025

Table fo Contents

1. Terms and conditions for the supply of goods and services (special services) by Fraport AG Frankfurt Airport Services Worldwide

- 1.1. Definition
- 1.2. Obligations of Fraport AG
- 1.3. Liability
- 1.4. Assessment of Charges and of Additional Services Rendered
- 1.5. VAT

2. Calculation procedure BVD

- 2.1. Vehicles and Equipment which do not Require a Driver and/or Operator(s)
- 2.2. Flat Mileage Rate
- 2.3. Assessment of Assignment of Push-out Time
- 2.4. Uncompleted services
- 2.5. General expense
- 2.6. Debtor Regulation Ground Handling

3. Aviation Ground Services (BVD) Operations, Load and Transport Services

- 3.1. Hourly Rates for Personnel
 - 3.1.1. Additional Services
- 3.2. Vehicles and Equipment
 - 3.2.1. Loading and Unloading Equipment
 - 3.2.2. Steps
 - 3.2.3. Vehicles and Tractors Services
 - 3.2.4. Special Transport
 - 3.2.5. Passenger Transports
 - 3.2.6. Aircraft Towing Tractor
 - 3.2.7. Ground Support Equipment
 - 3.2.7.1. Air Start Supply
 - 3.2.7.2. Air Conditioning Units
- 3.3. Sale of Materials
- 3.4. Aircraft Cabin Cleaning
- 3.5. Baggage Identification, BRS, Use of X-ray Equipment
 - 3.5.1. Baggage Reconciliation - Variable Portion -
 - 3.5.2. Use of X-ray Equipment
- 3.6. Other Services
 - 3.6.1. Vehicle Care
 - 3.6.2. Palletizing/Containerization of Freight and Mail
 - 3.6.3. Salvage of Defective Equipment

4. Fraport Executive Aviation

- 4.1. Vehicles, Equipment and Manpower
- 4.2. Transport Executive Aviation
- 4.3. Other Services
- 4.4. Rent of Business / Executive Rooms

5. Aviation Ground Services (BVD)

Passenger Service and Operations

- 5.1. Personnel
- 5.2. Additional Services

6. Extra Services of Central Ground Handling Infrastructure

- 6.1. Electrical Power Supply -Passenger Aircraft and Mixed Version Aircraft-

- 6.2. Electrical Power Supply -Cargo Aircraft-
- 6.3. Storage of Baggage in the Customs Bonded Store
- 6.4. Baggage Personnel
- 6.5. Administrative support
- 6.6. Operative maintenance
- 6.7. BRS - Extra Services
- 6.8. Sorting Rules
- 6.9. Passenger Bridge Extra Services

7. Integrated Facility Management (IFM)

- 7.1. Technical building supply and disposal management
 - 7.1.1. Postal services
 - 7.1.2. Airport Print Center / Letter Shop
 - 7.1.3. Fuel services
 - 7.1.4. Waste management
- 7.2. Automotive Engineering (IFM-IF)
 - 7.2.1. Repair shop services
 - 7.2.2. Rental of special vehicles and equipment
 - 7.2.3. Vehicle engineering

8. Aviation

- 8.1. Use of Electric Vehicles
- 8.2. Rental of Blocking Elements with Roller Tapes
- 8.3. Cleaning Management
- 8.4. Use of Counters in the Terminal
- 8.5. Rental of Lockers
- 8.6. Rental of Logo Monitors
- 8.7. Set up or modification of logos to be displayed on monitors
- 8.8. Firebrigade
 - 8.8.1. Hourly Rates for Personnel
 - 8.8.2. Preparation
 - 8.8.2.1. Preparation
 - 8.8.3. Vehicles and Equipment
 - 8.8.3.1. Fire Fighting Vehicles
 - 8.8.3.2. Rescue Vehicles
 - 8.8.3.3. Equipment Transport Vehicles
 - 8.8.3.4. Trailers and Equipment
 - 8.8.3.5. Leasing of Aircraft Salvaging-Equipment
 - 8.8.3.6. Special Equipment
 - 8.8.3.7. Small Fire Extinguishers available on rental basis
 - 8.8.3.8. Firemen course
 - 8.8.4. Other Services
- 8.9. ID Card Services
 - 8.9.1. ID cards
 - 8.9.2. Vehicle ID cards
 - 8.9.3. Background Check
 - 8.9.4. Training
 - 8.9.4.1. Aviation safety training
 - 8.9.4.2. Aviation security training
 - 8.9.5. Other products
- 8.10. Airport Security
 - 8.10.1. Known suppliers for airport supplies
 - 8.10.2. other
- 8.11. Animal transport welfare

9. Medical Services

- 9.1. Hourly Rates for Personnel
- 9.2. Other Services
- 9.2.1. Use of Sick-Room
- 9.3. Ambulance Services (Transports of Patients)
- 9.3.1. Emergency Ambulance
- 9.3.2. Ambulance transport (non-medical)
- 9.3.3. Ambulance Transport (medical)
- 9.3.4. Stretcher transport

10. Information Technology and Telecommunications (IUK)

- 10.1. Telephony
- 10.1.1. Analog Lines
- 10.1.2. VOIP Telephony
- 10.1.3. VOIP Telephony for Existing LAN Data Port
- 10.2. LAN - Access
- 10.3. Wireless-LAN Access
- 10.3.1. WiFi Access Basic (no internet)
- 10.3.2. WiFi Packages including Internet Access
- 10.4. Internet Access
- 10.4.1. Internet and VoIP via ADSL
- 10.4.2. Internet Access via LAN
- 10.5. Firewall
- 10.6. Fraport IPTV Connections
- 10.7. Access Flight Data Portal
- 10.8. Radio Communication
- 10.9. Intercommunication Systems
- 10.9.1. Fire Alarm System
- 10.10. Personel Services

11. Retail & Properties (HVM)

- 11.1. FRACC - Fraport Conference Center
- 11.2. Visitor Services

1. Terms and conditions for the supply of goods and services (special services) by Fraport AG Frankfurt Airport Services Worldwide

1.1. Definition

Additional Services as referred to in this List of Service Charges, are all services provided by Fraport AG in addition to an existing ground handling contract.

1.2. Obligations of Fraport AG

Placing an order for additional services does not constitute a claim against Fraport AG for the execution of such services. Even in the event of an order being accepted and in the course of such additional services being rendered, Fraport AG reserves the right of disposal of their personnel, equipment, tools and facilities.

1.3. Liability

- Fraport AG is not liable for any injury to persons or damage to objects caused in the performance or in connection with the performance of the requested services or in connection with the lease of Fraport AG equipment, tools and facilities - even if these are in Fraport AG charge while performing such services - unless the injury or damage was caused with intent by Fraport AG or their authorized personnel. In case of non-merchants, Fraport AG is liable for any injury or damage caused by Fraport AG and Fraport AG personnel with gross negligence. In case of services directly connected with the handling of aircraft (ground handling services), the liability clause of the respective ground handling agreement shall apply.
- The contractor exempts Fraport AG from all third-party claims which might arise in connection with the performance of the contract.
- Fraport AG holds the contractor liable for any injury of persons or damage to objects caused by the conduct of his personnel or the condition of objects handed over during or in connection with such additional services.

1.4. Assessment of Charges and of Additional Services Rendered

The additional services rendered will be specified within the Attachment of the special services invoice. Objections to the scope of services stated must be made no later than 30 working days after receipt of the invoice. Thereafter the statement shall be deemed accepted. The provisions of the List of Service Charges of Fraport AG Frankfurt Airport Services Worldwide shall apply.

1.5. VAT

All mentioned charges are net (without VAT). Exceptions are marked. In case of costs changes, charges can be adjusted.

2. Calculation procedure BVD

This chapter covers the following items:

- 2.1 Vehicles and Equipment which do not Require a Driver and/or Operator(s)
- 2.2 Flat Mileage Rate
- 2.3 Assessment of Assignment of Push-out Time
- 2.4 Uncompleted services
- 2.5 General Expense
- 2.6 Debtor Regulation Ground Handling

2.1. Vehicles and Equipment which do not Require a Driver and/or Operator(s)

For an uninterrupted use of up to 12 hours the established half-hourly rates will be charged.

For use in excess of 12 hours and up to 24 hours 24 half-hourly rates will be charged.

For every additional 24 hours or a fraction thereof, a daily rate will be charged in addition.

Examples of times subject to payment:

9 hours = 18 half-hourly rates

14 hours = 24 half-hourly rates

48 hours = 24 half-hourly rates and 1 daily rate

50 hours = 24 half-hourly rates and 2 daily rates

2.2. Flat Mileage Rate

If vehicles are made available for off-airport use, a flat rate per kilometre driven will be charged in addition to the fixed hourly rate.

2.3. Assessment of Assignment of Push-out Time

Contrary to the assignment periods of personal and equipment of push-out time will be determined as follows:

The charging period for push-out services starts two minutes prior to timely set TOBT or rather with contractual agreed lead time prior to timely set TOBT or latest with the arrival of the aircraft towing tractor at the position.

Push-out time ends when the tractor has completed towing-/push-out procedure and leaves the position.

Example for assessment of assignment of push-out time:

Timely set TOBT 08.04 hrs.

Arrival of aircraft towing tractor at position 07.56 hrs.

Beginning of assignment 08.02 hrs.

Departure of tractor 08.20 hrs.

End of assignment 08.20 hrs.

Time of operation 18 min.

Charged time 20 min.

2.4. Uncompleted services

Moreover services which are ordered by airline or third party and commenced thereupon, but aborted due to reasons out of Fraport AG responsibility will be charged resource-related.

2.5. General expense

Any disbursement made by the Handling Company on behalf of the client will be reimbursed by the client at cost price plus an

accounting surcharge of 12 percent, except when otherwise stipulated.

2.6. Debtor Regulation Ground Handling

Debtor of the charges for ground handling services is the airline operating the respective flight with its airline code/flight number. Deviating regulations require prior written agreement.

S-No.	Service	Unit	EUR
-------	---------	------	-----

3. Aviation Ground Services (BVD) Operations, Load and Transport Services

All airlines using Frankfurt make use of the services provided by the Aviation Ground Services Department.

In addition to very wide-ranging basic services, which are already contained in the flat-rate agreements on aviation ground services, BVD also offers a large number of additional services involving for instance:

Everything to do with the aircraft

Provision of personnel
 Provision of equipment

7. Integrated Facility Management (IFM)

Fraport AG can offer a wide range of services provided by the large number of its own specialized workshops.

The Airport Integrated Management maintains successfully the technical systems of its own buildings and also those of the customers at Frankfurt Airport around the clock. In addition, we include Postal Services, Airport Print Center, Fueling Services, Vehicle Rentals Services.

The cleaning Management insures a clean environment and long-term property value in buildings and facilities located either directly on the airport grounds or in the immediate vicinity.

The Vehicle Maintenance Service department of the Airport Facility Management takes care of the technical support and the maintenance of vehicle fleets at favorable conditions.

The Airport Facility Management (IFM) includes infrastructural and technical services, which are briefly described below:

- **Technical Facility Management**
- **Management of Technical Equipment**
- **Infrastructural Facility Management**
- **Vehicle Maintenance Service**

For general questions please contact the salesdepartment of the Airport Facility Management:

Airport Facility Management Sales

E-mail: facility-management@fraport.de

7.1. Technical building supply and disposal management

The Fraport AG technical building management department provides the technical services at Frankfurt Airport for all objects, areas and utility networks. The focus of service provision is the safety and availability of all technical facilities with the takeover of the operator´s responsibility.

Fraport AG can also offer a wide range of services for you.

We can handle complete technical facility management and maintenance for your buildings and building auxiliary systems according to DIN 31051, such as:

- Property Management
- Energy Management
- Inspections
- Expectations
- Troubleshooting
- Repairs
- Installations
- Low Constuction Works according to DIN 276
- Preparing and Execution of official Inspections
- Digitization of plans
- Measurements

Rates are available upon request

Furthermore, the Technical Building Management department operates a building services control center to:

- monitor building auxiliary systems in all buildings at Frankfurt Airport that are managed by Fraport
- control and adjust operating statuses to the respective requirements
- Recording an processing of disorders as well as coordination of necessary intervention activities
- 24 hours a day, 365 days a year

Prices are available upon request

In cooperation with Deutsche Post and various other parcel services, we handle the distribution and dispatch of postal matter (letters and parcels) at Frankfurt Airport:

- Daily delivery of incoming mail to the place agreed with you
- Daily collection and dispatch of your outgoing mail
- Franking of letters and parcels
- Keeping records of registered mail (incoming and outgoing)

Customers are invoiced at the end of each month on the basis of a detailed statement of postal charges paid.

Prices upon request

7.1.2. Airport Print Center / Letter Shop

Fraport AG's printing shop at FRA not only provides assistance and advice in layout and design but also can comply with individual requests at short notice, thanks to state-of-the-art digital and offset technology.

Here are a few examples of the Airport Print Center's product range::

- Brochures
- Forms, multi-copy forms, blocks
- Color copies, color plots up to A0
- Business cards
- Training and instruction material
- Stickers
- Customized invitations
- Circulars
- Personalized stationery
- Flyers
- Sheet laminating

The customer decides whether a product is cut, numbered, labeled, enveloped, punched, or stapled.

Letter shop

- Enveloping of your outgoing mail and information material
- Making credit information inquiries

7.2. Automotive Engineering (IFM-IF)

Fraport's Automotive Engineering department renders maintenance and repair services for your complete vehicle fleet and provides motor vehicle parts and supplies at favorable conditions.

In addition, we offer concepts for workshop planning and equipment as well as customized hands-on training for specific vehicles and equipment.

Sales contact:

Stefan Schmidt

Telephon: +49 (0)173 6999524

E-mail: facility-management@fraport.de

7.2.1. Repair shop services

- Repair of automobiles and commercial vehicles (cars, small trucks)
- Repair of standard equipment with special super-structures and/or repair of special equipment (canteen vans, water and toilet service vehicles, winter services equipment)
- Repair of special equipment and handling equipment (pallet lifters, aircraft tow trucks)

Rates are available upon request

Contact:

Patrick Hoyer

Telephone: +49 (0)69 690-28640

E-mail: p.hoyer@fraport.de

7.2.2. Rental of special vehicles and equipment

Our Integrated Facility Management offers an extensive range of vehicles and special Equipment. You can rent our equipment for periods from on hour up to several years.

Below a selection from our offering:

- Diesel tugs of 4 or 6 tonnes empty weight for freight and baggage transportation
- Hybrid tugs of approx. 5 tonnes empty weight (diesel/electric) for combined operations inside or outside of buildings
- Heavy-duty diesel forklift trucks of 12 tonnes empty weight
- Container transporters
- Other vehicles and equipment on request

All vehicles and special equipment are rented out with a full service package, which already includes the costs for maintenance, servicing legal inspections, and repairs (except physical damage). In addition, you can take out machinery breakdown insurance via us.

For electric vehicles you can also rent the matching batteries (24/48/80 volts) and suitable charging equipment. Together with you, we prepare a total package tailored to your individual needs and requirements.

You benefit from our challenge: The total package from our source, consistent pricing and service levels to meet the needs, highly flexible and reliable to our presence directly on site.

We look forward to hearing from you.

8.10. Airport Security

8.10.1. Known suppliers for airport supplies

The designation of a company as a known supplier for airport supplies at Frankfurt Airport is subject to a fee, which depends on expenditure. A difference is made between the first designation, a further designation that is required after 2 years and a recognition. The flat rate includes the allocation of relevant notations on the airport ID card. The travel allowance applies to a distance of more than 10 km up to 100 km from Frankfurt Airport and is billed as a flat rate. Any additional travel costs will be charged according to expenditure.

32126	first validation known airport supplier	each	500,00
31692	re-validation known airport supplier	each	400,00
32127	Travel costs 10-100 km	each	90,00

9.2.1. Use of Sick-Room

Supervision by nursing staff will be charged additionally.

Use of sick-room	Price to be requested
------------------	-----------------------

9.3. Ambulance Services (Transports of Patients)

9.3.1. Emergency Ambulance

Transport of an emergency patient within the airport area, within the city of Frankfurt am Main or to locations outside the city of Frankfurt am Main with an ambulance.

The fees are determined on the basis of the Hessian Rescue Service Act (HRDG) between the service providers and payers and announced separately.

9.3.2. Ambulance transport (non-medical)

Transport of a patient/guest who requires special positioning during transport (for example abdominal wall relief) between aircraft and/or terminal using an ambulance. Considering all federal police and customs regulations, plus observance of all safety regulations.

Non-medical patient transport seated/lying	mission	420,00
--	---------	--------

9.3.3. Ambulance Transport (medical)

Transport of a patient/guest who requires special medical positioning and medical care during transport (for example abdominal decompression and oxygen, etc.) between aircraft and/or terminal with the help of an ambulance. Considering all federal police and customs regulations, plus observance of all safety regulations.

Medical patient transport seated/lying	mission	630,00
--	---------	--------

9.3.4. Stretcher transport

Transport of a patient (indication outside the Hessian Rescue Service Act) between the aircraft and the picking up or delivering vehicle (emergency ambulance, ambulance or similar) with a medical lift truck in consideration of all Federal Police and customs regulations, as well as compliance with safety regulations.

If a patient cannot be taken directly to the next flight (e.g. stretcher not yet installed, aircraft not yet on site, waiting on a position longer than 30 min), a new mission will be charged. The stay of the guest in the emergency room is free of charge,

S-No.	Service	Unit	EUR

10.4.2. Internet Access via LAN

FRA Internet Connect is aimed at customers who need a broadband and high-performance internet connection. It offers a fast, symmetrical, and highly available connection to the internet. In addition, the MPLS network of Fraport AG provides you with a high-performance network to enable connectivity on the campus. A maximum of three fixed IP addresses are allocated per order.

The prices apply to new orders. Upgrades of existing lines are possible at any time.

For inquiries, please contact iuk-vertrieb@fraport.de

VIP-Services

Our exclusive VIP-Services ensure that guests pleasantly arrive, depart, or transfer at Frankfurt Airport without stress, completely independently of the publicly accessible terminals. For guests in need of special attention and discretion the Frankfurt Airport VIP-Services offer the utmost comfort and highest standard. Passengers can book this service independently of their airline and seating class.

In addition, the VIP services now also offer very exclusive event spaces that are landside accessible and can be rented - even independently of a flight event.

Price lists are published on the website below.

www.vip.frankfurt-airport.com

11.1. FRACC - Fraport Conference Center

Book rooms for meetings for up to 150 people or for a conversation in private. Alternatively, you can also book our premises for a quiet retreat for individuals.

In our conference center at Frankfurt Airport we offer you 31 rooms in six room categories from 20sqm to 335sqm - all with daylight. Choose the room category that suits you best with the equipment you wish to and we will offer you the perfect room for your purposes.

The rooms are designed in the four exclusive and attractive equipment lines "Aura", "Aqua", "Urbana" and "Terra" - large-format photographs show you a "journey around the world" and thus create the connection to the international airport environment.

Our conference rooms offer you perfect conditions and enough space. In addition to our premises, our two elegant lounges with coffee points are also available to you and your guests during your visit.

Of course, we offer our guests a culinary and varied catering offer, which we will coordinate with you during the booking process.

please do not hesitate to contact us.

11.2. Visitor Services

Visit our world of experience at the airport

Experience our airport with our tours and get up close and personal with the latest aircraft types. Find out which building at the airport could easily accommodate the Eiffel Tower or what happens to the mango before it lands on the supermarket shelf.

Or enjoy our visitors' terrace. Here you can feel the travel lust and send your thoughts on a journey with the planes taking off. Or you simply relax on one of the numerous seats.

Another highlight is our new visitor center. Thrilling 360-degree experiences, impressive augmented reality applications, exciting stations to join in, fascinating views into otherwise invisible airport worlds - be curious and experience our airport in a whole new way.

As part of our Miles & More programme, you can even earn miles when you buy tickets for the visitor centre and the round trips.

Curious? Then visit our website [Visit Airport Flughafen besuchen \(FRA-Tours.com\)](http://Visit Airport Flughafen besuchen (FRA-Tours.com)).

If you are an employee of Fraport - then you will profit from many discounts ready for you. Take a look: [Visitor Service Besucherservice \(fraport.de\)](http://Visitor Service Besucherservice (fraport.de))

We look forward to you!
