

Joint Statement on Corporate Governance

The Fraport AG Executive Board reports – in the name of the Supervisory Board as well – on the contents subject to the reporting requirements pursuant to Section 289f of the German Commercial Code (HGB) for Fraport AG as well as for the Fraport Group (Fraport AG and fully consolidated Group companies, hereinafter referred to as “Fraport”) as part of a joint statement on corporate governance pursuant to Sections 289f and 315d of the HGB in conjunction with Section 289f of the HGB, in order to enable a general statement on the Group’s corporate governance principles. In this context, the Executive Board and Supervisory Board report in accordance with Principle 22 of the German Corporate Governance Code in its amended version from December 16, 2019 as published on March 20, 2020 (hereinafter: GCGC 2020) on the corporate governance of the company.

The term “corporate governance” at Fraport means responsible corporate management and monitoring. The objectives of corporate governance at Fraport are long-term economic enhancement and creating as well as strengthening confidence among investors, customers, employees, and the public. Good corporate governance therefore has the highest priority at Fraport. In this context, efficient collaboration between the Executive Board and the Supervisory Board is as important as protecting shareholders’ interests and maintaining open and transparent corporate communications. Fraport monitors the national and international developments in this area and regularly reviews its own corporate practices in connection with new legal regulations and revised national and international standards, and modifies it to meet these as required.

In accordance with Section 317 (2) sentence 6 of the HGB, the following information pursuant to Sections 289f (2) and (5) and 315d of the HGB has been included by the auditor in the audit of the annual financial statements only to the extent that the auditor verified whether the information was actually given.

Statement of compliance pursuant to Section 161 of the German Stock Corporation Act (AktG)

As a publicly listed corporation headquartered in Germany, corporate governance at Fraport AG primarily orients itself to German stock corporation law, capital market law, and the suggestions and recommendations of the German Corporate Governance Code (GCGC) as amended. The GCGC is a major legal regulation for the management and supervision of German publicly listed companies and contains internationally and nationally recognized standards of good and responsible corporate governance in the form of principles, recommendations, and suggestions. There is no obligation to implement the suggestions and recommendations of the GCGC. However, under Section 161 of the AktG the Executive Board and the Supervisory Board are obliged to issue a statement of compliance and to report and justify any deviations from the recommendations of the GCGC.

Statement of compliance of December 17, 2020

The Executive Board and the Supervisory Board last issued the following statement of compliance under Section 161 of the AktG on December 17, 2020:

“The last annual statement of compliance was issued on December 16, 2019. Since then, Fraport AG has complied with the recommendations made by the Government Commission on the German Corporate Governance Code in the amended version of February 7, 2017 (GCGC 2017), with the exception of the recommendations set forth in Section 5.4.1 (2) sentence 2 GCGC 2017 with regard to the specification of a regular limit of length of membership in the Supervisory Board.

Grounds:

Section 5.4.1 (2) sentence 2 GCGC 2017 contains, among other things, a recommendation that a regular limit of length of membership in the Supervisory Board be specified. The Supervisory Board of Fraport AG views such a limit on the duration of membership as inappropriate. Rather, in determining the composition of a functional and effective Supervisory Board, care should be taken to ensure a mix of experienced members and those newly elected to serve in this body. A rigid maximum duration runs contrary to this, as it would be necessary to replace all or most members of the Supervisory Board at regular intervals. However, the long-standing Supervisory Board members who would be affected by such a provision in particular have profound knowledge of the company, which they can use to the company’s benefit in supervising and advising the Executive Board. As the Supervisory Board carries out its activities on a part-time basis, there are no concerns regarding its independence or its openness to new ideas, even with long-time members. It would therefore not be in the interests of Fraport AG if persons with particular supervisory

and advisory skills and abilities were to be required to leave the Supervisory Board based on a fixed time limit on their membership therein. In addition, a fixed maximum length of membership may run counter to the diversity the GCGC requires in the Supervisory Board's composition, which is reflected in part in the different lengths of time for which members have served, and associated with these lengths, the members' experience levels.

Fraport AG has complied with and will continue to comply with the recommendations made on March 20, 2020 by the Government Commission on the German Corporate Governance Code in the amended version of December 16, 2019 (GCGC 2020)."

The statement of compliance was promptly made permanently available to the shareholders on the company's website at www.fraport.com/en/investors/corporate-governance.html.

GCGC 2020 recommendations

Fraport AG also voluntarily complies with the recommendations of the GCGC 2020.

Disclosures on other corporate management practices

Beyond the statutory provisions, Fraport utilizes the following corporate management practices:

Compliance

Ensuring the integrity of all employees worldwide is of great importance to Fraport. Compliance is a key prerequisite for the future viability of the company.

The Code of Conduct for Employees that applies worldwide to the Fraport Group reflects the culture of values practiced at Fraport and stipulates the requirement to act responsibly when dealing with the economic, legal, and moral challenges of everyday business.

There are several ways for employees and customers around the world to report potential compliance breaches securely and in confidence. The information received will be carefully and conscientiously evaluated and examined. Compliance breaches are systematically penalized, and any grievances are remedied.

Fraport employees are regularly informed on the topic of compliance through various internal channels and undergo training courses. The Code of Conduct for Employees and the Compliance Guidelines in place at the Fraport Group are available to the employees on the corresponding information platforms.

In its Supplier Code of Conduct, Fraport describes the requirements and principles for cooperation with contractors, suppliers, and service providers. The contractually agreed Supplier Code of Conduct obliges them to comply with the applicable national laws and the relevant internationally recognized standards, guidelines, and principles, as also stipulated in the Code of Conduct for Employees.

The Compliance Management System (CMS) at Fraport is a systematic tool for ensuring legal and compliant behavior within the Group. The objective of the CMS is to ensure corporate management based on values and with integrity that goes beyond the mere fulfillment of standards.

The responsibility for the CMS lies with the management of each respective Group company; the Executive Board is responsible for the CMS of Fraport AG. It has assigned the Head of the Legal Affairs and Compliance central unit as Chief Compliance Officer to develop, organize, and operate Fraport AG's Compliance Management System.

Responsible corporate governance

Fraport is a community and partnership-oriented corporation. Fraport aims to remain competitive at all sites and in all operational units and thereby secure jobs with fair and just working conditions. Fraport offers good working conditions based on collective bargaining agreements, professional and personal development options, and a highly developed corporate ethic. Even in times of the Covid-19 pandemic, the introduction of short work schedules and the offer of a voluntary severance program in 2020 were

unavoidable in order to continue to keep the company profitable and competitive under changing market conditions, the objective of Fraport remains to provide high job security for all employees remains. Holistic, integrated health and safety at the workplace is also an essential part of the overall corporate responsibility of Fraport, especially when facing the Covid-19 pandemic. Comprehensive protective measures have been taken at both the Frankfurt site and the Group airports.

The Fraport Group is also committed to maintaining a sustainable, conserving, and preventive approach to natural resources and the environment.

Fraport AG's funding concept for its community, cultural, and social engagement is "Active for the Region". It primarily serves to boost clubs and support volunteer work in the region around Frankfurt Airport. However, in 2020 and presumably in the years to come, the effects of the Covid-19 pandemic have forced Fraport AG to reduce expenses that are not directly related to its core business.

Structure and functioning of the Executive Board and Supervisory Board

For Fraport, a responsible and transparent corporate management and monitoring structure is the cornerstone for creating value and trust. In accordance with the statutory provisions, Fraport AG is subject to a "dual governance system," which is achieved by the strict separation of personnel in the management and monitoring bodies (two-tier board). The Executive Board manages Fraport AG; the Supervisory Board monitors the Executive Board. The members of the Executive Board and the Supervisory Board work closely together in the interest of the company.

Executive Board

The Executive Board of Fraport AG has comprised five members as of July 1, 2019: Dr. Stefan Schulte (Chair), Anke Giesen, Michael Müller, Dr. Pierre Dominique Prümm, and Dr. Matthias Zieschang. As the management body, it conducts the business of the company. The Executive Board is bound by the company's interests and corporate sociopolitical principles within the framework of stock corporation law. In addition, its work is based on the rules of procedure, which have been approved by the Supervisory Board. The schedule of responsibilities for the Executive Board, which governs the allocation of responsibilities, is also attached to the rules of procedure as an annex.

On this basis, the Executive Board reports to the Supervisory Board on all relevant matters of business development, corporate strategy, and possible risks in a regular, timely, and comprehensive manner. In addition, the Executive Board must have the prior approval of the Supervisory Board for certain matters, particularly for capital expenditure and equity investment measures above a value of €10 million, to the extent that this is not provided for in a business plan approved by the Supervisory Board. The length of the appointment of the Executive Board members is geared toward the long term and has thus far been five years as a standard. The age limit for members of the Executive Board has, in principle, been set at 65. Remuneration of the Executive Board comprises fixed and performance-related components. A detailed explanation of the remuneration scheme and a schedule of the remuneration is provided in the remuneration report in the combined management report.

The Executive Board usually meets weekly and constitutes a quorum if at least half of its members participate in the meeting. Resolutions are adopted by a simple majority of all the participating members of the Executive Board. In the case of a tie vote, the chair holds the casting vote.

Supervisory Board

The Supervisory Board of Fraport AG supervises the activities of the Executive Board. It is composed of an equal number of representatives of shareholders and employees and comprises 20 members. The ten shareholder representatives are elected by the AGM, and the ten employee representatives are elected by the employees in accordance with the provisions of the German Co-Determination Act (MitbestG) for five years. The Supervisory Board has created rules of procedure, under which it has a quorum if – on the basis of a proper notice of meeting – at least half of its members participate in the voting in person or through submission of written votes. Resolutions are adopted with a simple majority unless otherwise mandated by law. In the event of a tie vote, the chair of the Supervisory Board, who must be a shareholder representative, is entitled to a second vote. Beyond this, the rules of procedure regulate, in particular, the creation and powers of committees of the Supervisory Board.

The Supervisory Board generally meets four times a year (seven times in 2020) and regularly reviews the efficiency of its activities. With the assistance of an external consultant, this self-assessment was carried out in the year under review on the basis of and as an update of the results obtained in 2019, which were discussed in depth at the December meeting. The discussion focused on the digitization of the committee's work and the corresponding access to information.

The Supervisory Board reviews its activities in the past fiscal year on an annual basis in the Supervisory Board Report. A detailed schedule of its remuneration is provided in the remuneration report in the combined management report.

At the time of publishing this combined statement on corporate governance, the Supervisory Board was comprised as follows:

Composition of the Supervisory Board

Representatives of the shareholders	Representatives of the employees
Michael Boddenberg (Chair) (Member of Supervisory Board since 26.05.2020)	Claudia Amier (Vice Chair) (Member of Supervisory Board since 31.05.2013)
Uwe Becker (Member of Supervisory Board since 31.05.2013)	Devrim Arslan (Member of Supervisory Board since 31.05.2013)
Peter Feldmann (Member of Supervisory Board since 03.09.2012)	Hakan Bölükmeşe (Member of Supervisory Board since 29.05.2018)
Peter Gerber (Member of Supervisory Board 30.05.2014)	Hakan Cicek (Member of Supervisory Board since 31.05.2013)
Dr. Margarete Haase (Member of Supervisory Board 01.01.2011)	Dr. Ulrich Kipper (Member of Supervisory Board since 29.05.2018)
Frank-Peter Kaufmann (Member of Supervisory Board 30.05.2014)	Birgit Kother (Member of Supervisory Board since 29.05.2018)
Lothar Klemm (Member of Supervisory Board 10.05.1999)	Mira Neumaier (Member of Supervisory Board since 04.03.2021)
Michael Odenwald (Member of Supervisory Board 11.12.2012)	Matthias Pöschko (Member of Supervisory Board since 01.01.2021)
Sonja Wärntges (Member of Supervisory Board 16.10.2020)	Qadeer Rana (Member of Supervisory Board since 29.05.2018)
Prof. Dr.-Ing. Katja Windt (Member of Supervisory Board 11.05.2012)	Mathias Venema (Member of Supervisory Board since 01.07.2020)

Committees of the Supervisory Board

The Supervisory Board has formed the following committees based on the statutory provisions and the provisions of its rules of procedure. The following table provides an overview of the tasks, regulated number of meetings, the actual number of meetings in the past fiscal year, the planned number of members, and the actual number of members as at the date of publication of this statement.

Shareholders and AGM

The shareholders of Fraport AG exercise their rights at the AGM where they exercise their right to a voice and a vote. The shareholders are informed of business developments in the past year and the company's forecasts included in the combined management report with sufficient time prior to the meeting. During the year, the shareholders are provided with comprehensive and timely information about current business developments through interim reports and other company publications on the company website.

The AGM is held within the first eight months of every fiscal year and makes decisions concerning the tasks assigned to it by law, such as the appropriation of profits, election and approval of the actions of the members of the Supervisory Board and approval of the actions of the Executive Board, the selection of the auditor, amendments to the company statutes, and other tasks. The shareholders can either exercise their right to vote in person or can authorize third parties to exercise their right to vote. The Executive Board is authorized to ensure that shareholders may cast their votes in writing or by electronic communication (mail-in ballot). Each share entitles its holder to one vote in the voting.

The German Act Concerning Measures Under the Law of Companies, Cooperative Societies, Associations, Foundations and Commonhold Property to Combat the Effects of the Covid-19 pandemic, which entered into effect on March 28, 2020 to combat the effects of the pandemic, opened up the possibility of holding annual general meetings in 2020 without the physical presence of shareholders or their representatives (virtual general meeting). The Executive Board of Fraport AG made use of this opportunity with the consent of the Supervisory Board. With the legal decree by the Federal Ministry of Justice and Consumer Protection, which entered into effect on October 29, 2020, the possibility of holding a virtual general meeting was extended for 2021.

Defining targets for the proportion of women on the Supervisory Board, Executive Board, and the two levels below the Executive Board

On May 1, 2015, the "Act on Equal Participation of Women and Men in Management Positions in the Private and Public Sector" came into force. The targets for the proportion of women on the Executive Board and the two levels below the Executive Board as well as the deadlines for reaching these targets must be determined based on this law. In principle, the targets for the proportion of women on the Supervisory Board must also be determined; however, this does not apply if there is already a fixed gender ratio for the Supervisory Board, as is the case at Fraport AG.

Targets for the Executive Board

The Supervisory Board sets the targets for the proportion of women on the Executive Board in accordance with Section 111 (5) of the AktG and Principle 9 of the GCGC 2020.

The Supervisory Board set a target of 25% for the proportion of women on the Fraport AG Executive Board at its meeting of September 18, 2015. This target should have been reached by June 30, 2017. As the Executive Board has been extended by one member and thus has consisted of one female and four male members as of July 1, 2019, this target is currently being missed. In view of the expected profound change in the aviation market and the associated major changes in traffic and terminal usage structures, the Supervisory Board considered it appropriate for the Executive Board to expand the responsibilities by the Executive Director "Aviation and Infrastructure" including the strategic business unit "Airside and Terminal Management, Corporate Safety and Security" (now called "Aviation") as well as the central unit "Corporate Infrastructure Management" and to appoint an internal expert. Nonetheless, the target remains in effect as regards future decisions on appointments to the Executive Board.

Targets for the first and second management levels below the Executive Board

The Executive Board sets the targets for the proportion of women at the two levels below the Executive Board in accordance with Section 76 (4) of the AktG and Principle 3 of the GCGC 2020.

At the turn of the year 2016/2017, the Executive Board set a target of 30.0% for the proportion of women in the first management level below the Executive Board ("direct reports") and a target of 30.0% for the proportion of women for the subordinate management level ("direct reports" to the first management level) by December 31, 2021 for Fraport AG. As at the balance sheet date for 2020, the proportion of women in the first management level amounted to approximately 20.8% and 27.3% in the second management level.

Gender ratio on the Supervisory Board

After the “Act on Equal Participation of Women and Men in Management Positions in the Private and Public Sector” came into force on May 1, 2015, the statutory gender ratios of a minimum of 30% women and 30% men on the Supervisory Board must be complied with (Section 96 (2) of the AktG, Principle 11 of the GCGC 2020) as part of the new elections and postings to the Supervisory Board of Fraport that became necessary from January 1, 2016.

In this respect, the Supervisory Board decided at its meeting of September 18, 2015 that these ratios are to be met separately for shareholders and for employees. This requirement was fulfilled in the new elections of the Supervisory Board in 2018 as well as the subsequent court appointments and the special elections to the Supervisory Board in 2020. The Supervisory Board currently comprises three female and seven male shareholder representatives and three female and seven male employee representatives.

Targets for the composition of the Supervisory Board; diversity concept for the Supervisory Board and Executive Board as well as the succession planning for the Executive Board

On June 27, 2016, in accordance with Recommendation C.1 of the GCGC 2020 and Section 289f (2) of the HGB, the Supervisory Board adopted its specific targets for its composition as well as a competency profile for the overall board. The targets for the composition of the Supervisory Board and the competency profile for the overall board (including the diversity concept) are as follows:

“The objective is that the Supervisory Board should be composed in such a way that it ensures the competent control and support of the company’s Executive Board by the Supervisory Board. It should be taken into account that the Supervisory Board as a collective body has the overall knowledge, skills, and professional experience required to properly perform its tasks. It cannot be expected that each individual member of the Supervisory Board possesses the required knowledge and experience to the fullest extent; however, there should be at least one competent member of the Board for each aspect of the Supervisory Board’s activities to ensure that the Board’s members together represent a comprehensive range of knowledge and experience. These should include, inter alia, an understanding of the relevant market environment, financial and commercial experience, and a strong regional connection.

In addition, each member of the Supervisory Board should be expected to have a certain level of essential general knowledge and experience that is appropriate to the nature, extent, and complexity of the business activities, and the risk structure of an international company such as Fraport AG.

In adherence to the age limits set by the Supervisory Board, which is set as 72 years of age at the time of election or reelection, candidates should be put forward who are able to perform the duties of a member of a supervisory board of an international company and safeguard the reputation of Fraport AG through their integrity, motivation, availability, and personality. The principles of diversity and the proportion of women and men based on the statutory provisions should be taken into account when nominating candidates for the Board. In addition, the Supervisory Board should have at least three independent members.”

Concerning the extent to which this policy has been implemented, it can be stated that the current Supervisory Board, whose members offer a wide range of economic, political, and corporate expertise, has the knowledge, skills, and experience required to properly perform its duties. The objectives for the composition of the Supervisory Board and the competence profile for the overall Supervisory Board (including the diversity concept) were taken into account in particular in the special election to the Supervisory Board in 2020 and the nomination for the special election to the Supervisory Board in 2021.

In addition, the Supervisory Board has both a sufficient number of members with international experience and an adequate number of members with a strong regional connection, as some of them hold seats in local and regional governments.

With regard to further diversity, the Supervisory Board had already updated the target it established in the 2015 fiscal year – as mentioned above – for the proportion of women on the Board: “The Supervisory Board shall be composed of at least 30% women and at least 30% men, and this ratio is to be met separately for shareholder representatives and for employee representatives.”

In line with this objective, the Supervisory Board comprises three female and seven male shareholder representatives and three female and seven male employee representatives since the 2018 Annual General Meeting and the special election to the Supervisory Board at the 2020 Annual General Meeting.

Regarding the Board's objective of having at least three independent shareholder representatives (see Recommendation C.6 of the GCGC 2020), in the year under review the Supervisory Board had as its members Dr. Margarete Haase and Dr. Katja Windt, as well as Ms. Kathrin Dahnke, who was replaced by Ms. Sonja Wärntges, which means that it has reached its goal of having three shareholder representatives independent of the company, the Executive Board, and the controlling shareholder. In addition, Fraport AG also complies with Recommendations C.7 and C.9 of the GCGC 2020, according to which more than half of the shareholder representatives must be independent of the company and the Executive Board and at least two of the shareholder representatives must be independent of the controlling shareholder. It should also be noted that both the Chair of the Supervisory Board as well as the Chair of the audit committee, and the Chair of the executive committee are considered to be independent within the meaning of Recommendation C.10 of the GCGC 2020.

In the future, the nomination committee and the Supervisory Board will also adequately take into account this objective for the composition of the Supervisory Board when presenting candidates for election to the Supervisory Board at the Annual General Meeting.

The Supervisory Board also takes diversity into account regarding the composition of the Executive Board (Recommendation B.1 of the GCGC 2020). Given the identified qualifications of its members, the Supervisory Board does not yet pursue a diversity concept for the Executive Board.

The Supervisory Board, along with the Executive Board and based on the preparatory work by the executive committee, ensures the long-term succession planning of the Executive Board. In addition to the requirements of the German Stock Corporation Act and the German Corporate Governance Code, long-term succession planning takes into account the target set by the Supervisory Board for the proportion of women on the Executive Board as well as other diversity criteria. Taking into account the specific qualification requirements, the structure of the Executive Board (including the division of portfolios), and the aforementioned personnel criteria, the executive committee develops an ideal profile on the basis of which it draws up a shortlist of available candidates. Structured discussions are held with these candidates. A recommendation for a resolution is then submitted to the Supervisory Board.

Further information

Remuneration of the Executive Board and the Supervisory Board

The essential features of the remuneration system as well as the disclosures on the remuneration of the Executive Board and the Supervisory Board for the 2020 fiscal year can be found in the remuneration report. This is an integral part of the combined management report.

Acquisition or disposal of company shares (directors' dealings)

Pursuant to Section 19 of the Market Abuse Regulation (MAR), board members and other managers (directors) and persons closely related thereto are legally obliged to disclose the acquisition or disposal of shares of Fraport AG or any financial instruments related thereto, if the value of the transactions undertaken exceeds the sum of €20,000 within one calendar year. The notifications in this respect are immediately disclosed by Fraport AG.

Shareholdings of the bodies

The total shareholdings of all members of the Executive Board and Supervisory Board are less than 1% of the total number of shares issued by Fraport AG.

Risk and opportunity management

For Fraport, corporate governance also means handling corporate risks and opportunities responsibly. For this reason, Fraport has introduced a comprehensive Group-wide risk and opportunity management system. The structure of the risk and opportunity management system and a report on key risks and corporate opportunities are presented in detail by the Executive Board in the

combined management report for the fiscal year. Depending on their importance for the company, changes to key risks or significant opportunities opening up during the year are published either in an ad hoc disclosure or as part of the financial reporting during the year.

The early risk recognition system is also part of the annual audit by the auditor. The effectiveness of the internal control and risk management system, and of the internal auditing system as well as the audit of accounts is monitored by the Supervisory Board. At Fraport, the finance and audit committee of the Fraport AG Supervisory Board performs this task in accordance with Section 107 (3) of the AktG.

Accounting and audit of accounts

Fraport prepares its consolidated financial statements in accordance with International Financial Reporting Standards (IFRS) as applicable in the European Union, and the additional applicable requirements of German commercial law pursuant to Section 315e (1) of the HGB. A combined management report is prepared in accordance with Section 315 (5) of the HGB. The annual financial statements of Fraport AG are prepared in accordance with the provisions of the HGB. Further information on the accounting principles is available in the notes to the respective financial statements. The annual and consolidated financial statements are published within 90 days of the end of the fiscal year.

The annual and consolidated financial statements and the combined management report of Fraport are audited by an auditor in accordance with Section 316 of the HGB. On the basis of the AGM's resolution, in fiscal year 2020 this was PricewaterhouseCoopers GmbH Wirtschaftsprüfungsgesellschaft (hereinafter referred to as "PwC"), which is thus auditing Fraport for the eighth consecutive year. Prior to the submission of the nomination, the Supervisory Board and its audit committee obtained a declaration of independence from PwC. The audit of the consolidated financial statements and the combined management report was carried out in accordance with Section 317 of the HGB and the EU Audit Regulation (No. 537/2014, hereinafter referred to as "EU Audit Regulation") and in compliance with German Generally Accepted Standards for Financial Statement Audits promulgated by the Institut der Wirtschaftsprüfer [Institute of Public Auditors in Germany] (IDW). It was agreed with the auditor that it will immediately inform the Fraport AG Supervisory Board of possible grounds for disqualification or partiality if these are not remedied at once. The auditor shall also immediately report on all findings and incidents arising during the audit of the consolidated financial statements and the combined management report which are significant for the tasks of the Supervisory Board. In addition, the auditor must inform the Supervisory Board and record in the audit report if it finds facts that reveal an inaccuracy in the statement of compliance submitted by the Executive Board and Supervisory Board in accordance with Section 161 of the AktG while performing the audit of the consolidated financial statements and the combined management report.

During the year, the auditor also participated in discussions with the finance and audit committee regarding the Group interim financial statements and meetings with the Fraport AG Supervisory Board regarding the annual and consolidated financial statements.

Disclosure of the joint statement on corporate governance and corporate governance report

The Executive Board disclosed the joint statement on corporate governance on March 16, 2021 on www.fraport.com/en/investors/corporate-governance.html.
