

Video “Terminal 3 Construction Site – Road Connections”

Information on the content with time codes:

Steel construction:

Footage from December 2017

- 00:00 – 00:12 Delivery of the steel parts for the access ramp
- 00:13 – 00:17 Workers look at a plan
- 00:18 – 01:17 Workers attach the steel parts to cranes, which then lift them
- 01:18 – 01:34 The steel parts are placed with millimetre precision
- 01:35 – 01:48 Workers weld the steel parts at several 1000 degrees Celsius
- 01:49 – 01:52 Long shot of the work on the large steel parts

Ramps:

Footage from December 2018

- 01:53 – 01:56 Wide shot of fenced access ramp

Footage from April 2019

- 01:57 – 02:04 Wide shot of access ramp
- 02:05 – 02:16 The already completed departure ramp

Footage from May 2019

- 02:17 – 02:45 The access ramp from below
- 02:46 – 03:09 Asphaltting work on the access ramp

Footage from October 2019

- 03:10 – 03:35 Shots from the asphalted access ramp with an overview of the construction site area
- 03:36 – 03:47 Shots of the access ramp
- 03:48 – 04:05 Foundation work for the V-columns of the access table

V-columns and drive-by platform:

Footage from July 2020

- 04:06 – 05:22 Work on the V-columns
- 05:23 – 05:44 View of the V-columns from above

Footage from September 2020

- 05:45 – 05:59 Overview of the site of the drive-by platform
- 06:00 – 06:10 Formwork for superstructure of the drive-by platform

Footage from September 2021

- 06:11 – 06:43 Superstructure of the drive-by platform

Parking structure:**Footage from July 2020**

- 06:44 – 07:17 View of the construction site of the multi-storey car park with first stair towers and steel construction

Footage from September 2020

- 07:18 – 07:44 Steel construction of the multi-storey car park

Footage from September 2021

- 07:45 – 08:26 Overview multi-storey car park

Zeppelinheim motorway interchange:**Footage from August 2022**

- 08:27 – 08:30 The new exit for CargoCity South on the A5 motorway (in background: aircraft taking off)
- 08:31 – 08:32 The A5 seen from the new Zeppelin interchange
- 08:33 – 08:35 The A5 viewed from the bridge of the new interchange
- 08:36 – 08:52 Construction workers installing the guard rails on the bridge over the A5
- 08:53 – 08:58 The newly built bridge over the A5 for the Zeppelinheim interchange
- 08:59 – 09:04 View from the exit toward the new parking facility at Terminal 3

Completed road connection to Terminal 3:**Footage from November 2022**

- 09:05 – 09:24 Driving on the new road to Terminal 3
- 09:25 – 09:34 Bridge to the drive-by platform

- 09:35 – 09:44 A car driving on the new drive-by platform in front of the main terminal building
- 09:45 – 09:48 Road signs at the entrance to the A5 motorway
- 09:49 – 09:50 Map of the new roads being built to connect Terminal 3
- 09:51 – 09:55 The main terminal building with drive-by platform
- 09:56 – 09:59 View of the roads from the roof of the new parking facility; visible in the background are Frankfurt's skyline and an aircraft coming in for a landing
- 10:00 – 10:02 View of an underpass from a driving vehicle
- 10:03 – 10:09 Time-lag footage from a driving vehicle, showing the new roads connecting Terminal 3
- 10:10 – 10:15 Bridge to the drive-by platform
